Good Morning,

Here are the most recent updates as of the morning of Tuesday, March 24<sup>th</sup>:

- There are many questions surrounding wage subsidies for employers and the Government of Canada has put together a list of FAQs on their webpage. If you'd like to see these, please [click here](#).
- CDSPI has let us know that their call yesterday with Aviva did not result in an answer. With that being said, CDSPI Chair, Mr. Lyle Best, stated, "I will have one of two messages soon. Aviva will cover the claims. No worries let's go. Aviva will not cover the claims and CDSPI will stand with Canadian dentists and sue them into never never land."  
We will have further updates after today.
- Yesterday during a press conference, Dr. Janice Fitzgerald updated the list of business closures. [Click here](#) to view the updated list.
- In regards to PPE, it is crucial that if you are using an N95 mask that this mask has been fitted to your face properly for it to be effective.  
We are still working on a solution for supply shortages with Government.

Our next update will be this afternoon, Tuesday March 24<sup>th</sup>. We will continue to keep you updated.

Kind Regards,

Amanda Squires on behalf of Dr. Paul Hurley, President of the NLDA
